india bharat and pakistan the second book of the bharat trilogy takes the discussion forward from its bestselling predecessor india that is bharat it explores the combined influence of european and middle eastern colonialities on bharat as the successor state to the indic civilisation and on the origins of the indian constitution to this end the book traces the thought continuum of middle eastern coloniality from the rise of islamic revivalism in the 1740s following the decline of the mughal empire which presaged the idea of pakistan until the end of the khilafat movement in 1924 which cemented the road to pakistan the book also describes the collaboration of convenience that was forged between the proponents of middle eastern coloniality and the british colonial establishment to the detriment of the indic civilisation one of the objectives of this book is to help the reader draw parallels between the challenges faced by the indic civilisation in the tumultuous period from 1740 to 1924 and the present day its larger goal remains the same as that of the first which is to enthuse bharatiyas to undertake a critical decolonial study of bharat s history especially in the context of the constitution so that the religiosity towards the document is moderated by a sense of proportion perspective and purpose

all the travel experts agree consumers want more and different experiences from travel than they did in the past they want to deeply understand their destination before they go feel a meaningful connection to the place while there and return home feeling enriched and ready to share their experiences with others with these trends in mind and the results of extensive proprietary market research national geographic traveler has been enhanced with engaging new features and a contemporary redesign each guide begins with an introduction that enables the traveler to sample a bit of the culture history and attractions before they go and plan the trip based on their own
