international human rights law is a comprehensive introductory treatise intended for all concerned about this critical area of international law including students lawyers other advocates teachers and academics

this book is designed to provide an overview of the development and substance of international human rights law and what is meant concretely by human rights guarantees such as civil and political rights and economic and social rights it highlights the rights of women globalization and human rights education the book also explores domestic regional and international endeavors to protect human rights the history and role of human rights ngos coupled with an analysis of diverse international mechanisms are succinctly

woven into the text which well reflects the scholarship and erudition of the authors this lucidly written and timely volume will be of great help to anyone seeking to understand this area of law be they students lawyers scholars government officials staff of international and non international organizations human rights activists or lay readers

fully updated to cover topics such as climate change trade and business activities while retaining the original style and structure

this textbook provides a thorough and systematic overview of human rights law including the most relevant practice and case law but also dealing with theoretical issues it pursues an original approach seeking to reconcile its didactic purpose with a scientific one positing that there must be a necessary synergy between these two purposes furthermore the author is convinced that international human rights law should not be studied as is done in virtually every textbook as a special legal regime separate and autonomous from the overall system of international law but as a regime that is fully integrated into the international legal order the book s dominant theme is the interrelationship of international human rights law and general international law following this approach the author has chosen to devote comparatively little content to institutional issues part iv and to instead more intensively explore the structural impact of human rights law on the entire international order part i on the sources part ii and obligations part iii of general international law and what constitutes fundamental human rights part v without neglecting other rights part vi

the routledge handbook of international human rights law provides the definitive global survey of the discipline of international human rights law each chapter is written by a leading expert and provides a contemporary overview of a significant area within the field as well as covering topics integral to the theory and practice of international human rights law the volume offers a broader perspective though examinations of the ways in which human rights law interacts with other legal regimes and other international institutions and by addressing the current and future challenges facing human rights providing up to date and authoritative articles covering key aspects of international human rights law this book work is an essential work of reference for scholars practitioners and students alike chapter 35 of this book is freely available as a downloadable open access pdf under a creative commons attribution non commercial no derivatives 3 0 license routledgehandbooks.com doi 10 4324 9780203481417 ch35

how do you keep students motivated when their perception of a subject conflicts with the reality of its academic study international human rights law unquestionably an exciting field is also complex and demanding in his breakthrough textbook de schutter focuses on international human rights law as global legal system rather than as a collection of different though related rights giving it relevance and immediacy drawing on cases and materials from a wide range of sources it shows how human rights law is used as a tool to address contemporary issues such as counter terrorism global poverty and religious diversity materials are organised thematically allowing readers to make comparisons and connections between different legal treaties and systems students can also easily assess how human rights are protected under domestic and international laws the law is placed in context throughout ensuring full understanding

of why laws exist and how they work

illustrating the scope of this fascinating and wide reaching subject to the student this clear and concise text gives a broad introduction to international human rights law coverage includes regional systems of protection the role of the un and a variety of substantive rights the author skilfully guides students through the complexities of the subject and then prepares them for further study and research key cases and areas of debate are highlighted throughout and a wealth of references to cases and further readings are provided at the end of each chapter

nearly all countries have ratified nearly all the major human rights treaties and all governments profess support for human rights yet most countries flagrantly violate the human rights of their citizens this book argues that the reason why is that there is a contradiction between the goal of enforcing human rights which requires simple rules and the realities of governance which require flexibility and discretion

javaid rehman emphasises the practical aspects of international human rights law and introduces the reader to the broad scope of the subject

written by leading experts in the field this textbook explores the essentials of international human rights law from foundational issues to substantive rights and systems of protection a variety of perspectives bring this subject to life making international human rights law the ideal companion for students of human rights

covers all the core areas of human rights law combining an engaging approach with helpful learning features and plenty of headings to make this an ideal text for those new to the subject summaries definitions discussion topics and further reading references are integrated throughout the text and presented in a fresh colour design to illuminate legal complexities and highlight essential concepts reflective questions are included at the end of each chapter with suggested key issues for consideration provided on the book s accompanying website these encourage students to reinforce their learning and foster best practice in developing a reasoned and structured approach to problem solving an accompanying website provides updates on case law and legislative developments as well as an interactive test bank of multiple choice questions to help students consolidate their knowledge fresh two colour text design makes the book easy to navigate and highlights cross references and learning features human rights law is written in an engaging and lively manner with an emphasis on explaining the key topics covered on human rights law courses with clarity no previous knowledge of the subject is assumed but the book provides a thorough introduction to the human rights act 1998 and the way in which the act gives effect to the european convention on human rights it looks at the main terms and implications of the convention rights themselves highlighting some of the more complex and controversial issues of the subject

in this landmark text Dinah L. Shelton offers an insightful overview of the current state of international human rights law its norms institutions and procedures both global and regional providing an invaluable entry point to this complex area of

The Oxford Handbook of International Human Rights Law provides an authoritative and original overview of one of the key branches of international law forty contributors comprehensively analyse the role of human rights in international law from a global perspective examining its origins and principles and measuring its impact on the world

edugorilla publication is a trusted name in the education sector committed to empowering learners with high quality study materials and resources specializing in competitive exams and academic support edugorilla provides comprehensive and well structured content tailored to meet the needs of students across various streams and levels

The book written with a rich teaching and research experience of the author emphasises the critical evaluation of contemporary human rights law and practice with special reference to India it also evaluates the ongoing discourse on various issues relating to life liberty equality and human dignity and their reflections in international human rights law referring the state practices through constitutional guarantees judicial decisions as well as through enacting appropriate legislations this lucid and comprehensive book is logically organised into nine chapters beginning with the theoretical foundations of human rights law referring to origin development and theories of human rights at preliminary level the book proceeds to international bill of human rights demonstrating various facets of civil and political rights as well as economic social and cultural rights it further discusses the importance of human rights law in protection against inhuman wrongs and examines a large number of debates concerning human right to development and protection of environment then it moves on to explore various issues relating to human rights in Indian constitutional law the latter part of the book emphasises on the protection of rights of women and children which has been the focal point of all human rights discussions it also deals with the scope and ambit of the rights of indigenous peoples and minorities including their protection at the end the book examines the utility and justifications of human rights law in protecting the rights of people with disabilities divyang though the book is primarily designed for llb ba llb and llm and courses on human rights it will be equally beneficial for the researchers academicians jurists lawyers judges as well as members of civil society

This book explores the role human rights law plays in the formation and protection of our personal identities drawing from a range of disciplines Jill Marshall examines how human rights law includes and excludes specific types of identity which feed into moral norms of human freedom and human dignity and their translation into legal rights the book takes on a three part structure part i traces the definition of identity and follows the evolution of and protects a right to personal identity and personality within human rights law it specifically examines the development of a right to personal identity as property the inter subjective nature of identity and the intercession of power and inequality part ii evaluates past and contemporary attempts to describe the core of personal identity

including theories concerning the soul the rational mind and the growing influence of neuroscience and genetics in explaining what it means to be human it also explores the inter relation and conflict between universal principles and culturally specific rights part iii focuses on issues and case law that can be interpreted as allowing self determination marshall argues that while in an age of individual identity people are increasingly obliged to live in conformed ways pushing out identities that do not fit with what is acceptable drawing on feminist theory the book concludes by arguing how human rights law would be better interpreted as a force to enable respect for human dignity and freedom interpreted as empowerment and self determination whilst acknowledging our inter subjective identities in drawing on socio legal philosophical biological and feminist outlooks this book is truly interdisciplinary and will be of great interest and use to scholars and students of human rights law legal and social theory gender and cultural studies

this textbook comprehensively examines and analyses the interpretation and application of the united kingdom s human rights act 1998 the third edition has been fully updated to include the last seven years of case law part i covers key procedural issues including the background to the act the relationship between uk courts and the european court of human rights the definition of victim and public authority determining incompatibility including deference and proportionality the impact of the act on primary legislation and damages and other remedies for the violation of convention rights in part ii of the book the convention rights as interpreted and applied by united kingdom courts are examined in detail all of the key convention rights are discussed including the right to life freedom from torture and inhuman or degrading treatment or punishment the right to liberty fair trial the rights to private life family life and home freedom of religion and belief freedom of expression the right to peaceful enjoyment of possessions and the right to freedom from discrimination in the enjoyment of convention rights the third edition of human rights law will be invaluable for those teaching studying and practising in the areas of united kingdom human rights law constitutional law and administrative law

this book is a comprehensive textbook on international human rights law written for canadians it introduces the international law of human rights including the areas of international labour refugee humanitarian and criminal law and addresses the reception of international human rights norms in canadian domestic law

human rights have gained increasing prominence on the international european and uk stage this updated edition reflects developments in case law and legislation ensuring students have access to the most current material a companion web site features case updates and links to useful sites

this book offers a compact but general introduction to international human rights law it discusses the theoretical historical and legal foundations of international human rights law providing an encompassing analysis of the substantive content of the most important human rights and of the role of states and non state actors in ensuring their respect it also carries out a specific analysis of the un system and the echr and other regional systems all this while constantly situating the discussion on international human rights law

within the broader framework of public international law while particularly suitable for undergraduate students in law this book is also aimed at students of political science and other social sciences as well as academics and practitioners pietro pustorino is full professor of international law at the department of law of luiss university rome italy and director of the luiss center for international and strategic studies
