as floods increase in frequency and intensity due to climate change anticipatory action aa programs offer a promising approach to mitigate their impacts however there is limited research about how aa programming can address the specific needs of women who often face heightened vulnerabilities during disasters this paper applies the reach benefit empower transform rbet framework to examine gender dynamics in aa programming through case studies in nepal and nigeria two flood prone countries where aa initiatives have been piloted using data from key informant interviews and focus group discussions with stakeholders including government agencies ngos local advocacy groups and direct beneficiaries of flood programs we assess barriers and enabling conditions for aa to reach benefit and empower women and broader opportunities for transformation of gender norms and social inequalities our findings reveal key implementation challenges including limited funding weak integration with broader disaster risk reduction efforts and inadequate early warning systems however we also identify practical strategies for improving aa s gender responsiveness such as relying on individual rather than household level data providing accessible early warning information offering aid modalities that meet women s specific needs such as dignity kits ensuring women s participation in community decision making and facilitating ongoing inclusive household and community dialogues in flood prone communities rather than only responding to specific flood

warnings the paper concludes with recommendations for scaling up gender inclusive programming to enhance resilience and reduce the disproportionate impacts of flooding on women

women's voices in management examines a wide array of women's voices across different geographical social and organizational contexts in management extant research provides clear evidence on gendering in organizations throughout all the ranks including top management

women's participation in parliaments high courts and executive offices worldwide has reached record high numbers but this global increase in women's representation masks significant variation among different democratic political systems for example in december of 2009 rwanda's legislature contained 56 women while the u.s. congress contained only about 17 and the japanese diet had only 11 since 2000 only twenty seven women have achieved executive office worldwide contagious representation is a comprehensive look at women's participation in all aspects of public life in the main democratic political institutions the executive the judiciary the legislature and within political parties moving beyond studies of single countries and institutions contagious representation presents original data from 159 democratic countries spanning 50 years providing a comprehensive understanding of women in democracies worldwide the first volume to offer an analysis on all avenues for women's participation for such a lengthy time period contagious representation examines not only the causes of women's representation in the main democratic political institutions but also how women's representation in one institution affects the others each chapter contains case studies and examples of the change in women's participation over time from around the world thames and williams definitively explain the rise decline or stagnant levels of women's political participation considering how representation is contagious across political institutions and gaining a better understanding of what factors affect women's political participation
