this book assesses the un peace operations in haiti and establishes what lessons should be taken into account for future operations elsewhere specifically the book examines the un's approaches to security and stability demobilisation disarmament and reintegration ddr police justice and prison reform democratisation and transitional justice and their interdependencies

through the seven un missions in haiti drawing on extensive fieldwork and interviews conducted in haiti it identifies strengths and weaknesses of these approaches and focuses on the connections between these different sectors it places these efforts in the broader haitian political context emphasises economic development as a central factor to sustainability provides a civil society perspective and discusses the many constraints the un faced in implementing its mandates the book also serves as a historical account of un involvement in haiti which comes at a time when the drawdown of the mission has begun in an environment where the un is increasingly seeking to conduct security sector reform ssr within the context of integrated missions this book will be a valuable contribution to the debate on intervention un peace operations and ssr this book will be of interest to students of peace operations and peacekeeping conflict studies security studies and ir in general

this book critically examines peacebuilding humanitarian intervention and peace operation practices and experiences in francophone spaces francophone africa as a specific space is relatively little studied in the peace and security literature despite the fact that almost half of all peacekeepers are deployed or were deployed in this part of africa during the last decade it is an arena for intervention that deserves more serious attention if only because it provides fertile ground for exploring the key questions raised in the peacekeeping and peacebuilding literature for instance in 2002 a french operation licorne was launched and in 2003 a un force was deployed in côte d ivoire alongside the french force there filling a gap in the current literature peace operations in the francophone world critically examines peacekeeping and peacebuilding practices in the francophone world including but not limited to conflict prevention and resolution security sector reform ssr francophone politics and north south relations the book explores whether peace and security operations in francophone spaces have exceptional characteristics when compared with those carried out in other parts of the world and assesses whether an analysis of these operations in the francophone world can make a specific and original contribution to wider international debates about peacekeeping and peacebuilding this book will be of much interest to students of peacekeeping peacebuilding peace and conflict studies african politics security studies and ir in general

this volume is the first english language work to focus specifically on south america in the context of peace operations the region of south america has been undergoing significant changes recently with regard to its attitudes towards participation in peace operations leaving behind a strong reluctance with regard to intervention the states have recently taken on a much stronger presence among un peacekeepers the foremost showcase of this more robust and responsible stance has been minustah the current un

mission in haiti south american contributors provide over half the operation s troops and the force commander is provided by brazil this book is intended as an introduction for researchers to the nexus of issues surrounding south america s increasing influence as a contributor to peace operations the authors provide the reader with a historically and theoretically grounded understanding of what motivates defence policy and decisions on intervention in the region featuring contributions from prominent thinkers in the field and a broad range of case studies this volume successfully combines practical applicability with diversity of analysis this book will be of much interest to students of peacekeeping south american politics peace and conflict studies security studies and international relations in general

the 1994 convention on the safety of united nations and associated personnel safety convention was the first multilateral convention to deal specifically with the protection of personnel engaged in peace operations it should be viewed against the background of the increasingly volatile environments in which peace operation personnel were required to operate at the beginning of the 1990s an optional protocol extending the automatic application of the safety convention to new categories of operation was adopted in december 2005 protection which a host government is responsible for securing for personnel in peace operations may be categorised as general and special protection the former includes for example human rights law and international humanitarian law the latter comprises privileges and immunities accorded to agents of states or organisations the contribution of the safety convention is mainly one of interstate penal law co operation states parties are obligated to co operate in order to effectively prosecute the perpetrators of stipulated crimes the protection afforded by the safety convention may therefore be categorised as being part of an emerging legal regime against impunity an effective protection needs to address the specific challenges surrounding peace operations some of these challenges identified in this study are related to the interplay between the rules of peace and war as well as responsibility and accountability of protected personnel it is also contended that there is a need for an effective implementation of existing rules and a careful development of so called status of forces agreements applicable in peace operations

united nations peace operations have undergone multiple transformations over the more than seventy years of their existence multidimensional peace operations have organised elections helped deliver humanitarian assistance advised on army and police reform and fought rebel groups such operations not only represent a core pillar of the multilateral peace and security architecture but also fundamentally reshape lives of millions of people around the world this volume provides the first comprehensive overview of multiple theoretical perspectives on un peace operations it offers practical

examples of how international relations theories apply to specific policy issues and simultaneously demonstrates how major debates on un peace operations on civilian protection local ownership or gender mainstreaming benefit from theoretical exploration with insightful contributions from a range of international academics un peace operations and international relations theory is an essential book for scholars students and experts working on peace and security and the broader issue of international cooperation

offers a new perspective on the success of peace missions in intra state wars based on extensive comparative field research of 11 peace missions will be of much interest to students of peacekeeping civil wars african politics security studies and ir

this edited volume provides a detailed and nuanced analysis of un peacekeeping and the use of force to inform a better understanding of the complex and interconnected issues at stake for the un community peacekeeping is traditionally viewed as a largely passive military activity governed by the principles of impartiality consent and the minimum use of force today most large un peacekeeping operations are only authorized to use force in defence of their mandates and to protect civilians under imminent threat of physical violence recently with the deployment of the force intervention brigade in the drc the un has gone beyond peacekeeping and into the realm of peace enforcement these developments have brought to the fore questions regarding the use of force in the context of peacekeeping the key questions addressed in this book examine not only the utility of force but also the dilemmas and constraints inherent to the purposive use of force at a strategic operational and tactical level should un peacekeepers exercise military initiative is un peacekeeping capable of undertaking offensive military operations if so then under what circumstances should peacekeepers use force how should force be wielded and against whom with chapters written by experts in the field this comprehensive volume will be of great use and interest to postgraduate students academics and experts in international security the un peacekeeping and diplomacy

this volume is the first english language work to focus specifically on south america in the context of peace operations the region of south america has been undergoing significant changes recently with regard to its attitudes towards participation in peace operations leaving behind a strong reluctance with regard to intervention the states have recently taken on a much stronger presence among un peacekeepers the foremost showcase of this more robust and responsible stance has been minustah the current un mission in haiti south american contributors provide over half the operation s troops and the force commander is provided by brazil this book is intended

as an introduction for researchers to the nexus of issues surrounding south america's increasing influence as a contributor to peace operations the authors provide the reader with a historically and theoretically grounded understanding of what motivates defence policy and decisions on intervention in the region featuring contributions from prominent thinkers in the field and a broad range of case studies this volume successfully combines practical applicability with diversity of analysis this book will be of much interest to students of peacekeeping south american politics peace and conflict studies security studies and international relations in general

trends in the number and scope of peace operations since 2000 evidence heightened international appreciation for their value in crisis response and regional stabilization peace operations trends progress and prospects addresses national and institutional capacities to undertake such operations by going beyond what is available in previously published literature part one focuses on developments across regions and countries it builds on data gathering projects undertaken at georgetown university's center for peace and security studies cpass the stockholm international peace research institute sipri and the folke bernadotte academy fba that offer new information about national contributions to operations and about the organizations through which they make those contributions the information provides the bases for arriving at unique insights about the characteristics of contributors and about the division of labor between the united nations and other international entities part two looks to trends and prospects within regions and nations unlike other studies that focus only on regions with well established track records specifically europe and africa this book also looks to the other major areas of the world and poses two questions concerning them if little or nothing has been done institutionally in a region why not what should be expected this groundbreaking volume will help policymakers and academics understand better the regional and national factors shaping the prospects for peace operations into the next decade

under fire explores the organization and representation of contemporary armed conflict this book part of the project's first phase involves discussions between artists political scientists critics activists and journalists on a wide array of issues around warfare and representation the topics covered in this volume include battle simulation and news programming democracy and violence the privatization of the military and the militarization of the civilian realm from back cover

the first comprehensive source of information on peace operations worldwide designed for students scholars and practitioners alike

peace operations are the un's flagship activity over the past decade un blue

helmets have been dispatched to ever more challenging environments from the congo to timor to perform an expanding set of tasks from protecting civilians in the midst of violent conflict to rebuilding state institutions after war a new range of tasks has transformed the business of the blue helmets into an inherently knowledge based venture but all too often the un blue helmets policemen and other civilian officials have been flying blind in their efforts to stabilize countries ravaged by war the un realized the need to put knowledge guidance and doctrine and reflection on failures and successes at the center of the institution building on an innovative multi disciplinary framework this study provides a first comprehensive account of learning in peacekeeping covering the crucial past decade of expansion in peace operations it zooms into a dozen cases of attempted learning across four crucial domains police assistance judicial reform reintegration of former combatants and mission integration throughout the different cases the study analyzes the role of key variables as enablers and stumbling blocks for learning bureaucratic politics the learning infrastructure leadership as well as power and interests of member states building on five years of research and access to key documents and decision makers the book presents a vivid portrait of an international bureaucracy struggling to turn itself into a learning organization aimed at policy makers diplomats and a wide academic audience including those working in international relations peace research political science public administration and organizational sociology the book is an indispensable resource for anyone interested in the evolution of modern peace operations
