an examination of why acceptance into america s most prestigious colleges remains beyond the reach of most students except those from high income professional families

this book examines how previously excluded high achieving low income students are faring socially and academically at an ivy league college in new england in the past research conducted on low income students in elite schools focused mainly on the admissions process as a result there is a dearth of research on what happens to low income students once they are admitted and attend classes this book chronicles an ethnographic study of twenty low income men and women in their senior year at dartmouth college and follows up with them four and twelve years post graduation by helping to bring visibility and self awareness to low income students and expose class issues and struggles the author hopes to encourage elite institutions to change their policies and practices to address the needs of these students

originally published westport conn greenwood press 1979

this cutting edge piece of scholarship studies the invisibility of the black

migrants in popular consciousness and intellectual discourse in the united states through the interrogation of actual members of this community

the mysterious highly influential hidden world of yale s secret societies is revealed in a definitive and scholarly history secret societies have fundamentally shaped america s cultural and political landscapes in ways that are expected but never explicit the bonds made through the most elite of secret societies have won members pulitzer prizes governorships and even presidencies at the apex of these institutions stands yale university and its rumored twenty six secret societies tracing a history that has intrigued and enthralled for centuries alluring the attention of such luminaries as ernest hemingway william faulkner and f scott fitzgerald skulls and keys traces the history of yale s societies as they set the foundation for america s future secret clubs and helped define the modern age of politics but there is a progressive side to yale s secret societies that we rarely hear about one that in the cultural tumult of the nineteen sixties resulted in the election of people of color women and gay men even in proportions beyond their percentages in the class it s a side that is often overlooked in favor of sensational legends of blood oaths and toe curling conspiracies dave richards an alum of yale sheds some light on the lesser known stories of yale s secret societies he takes us through the history from phi beta kappa in the american revolution originally a social and drinking society through skull and bones and its rivals in the nineteenth and twentieth centuries while there have been articles and books on some of those societies there has never been a scholarly history of the system as a whole

a revolutionary new argument from eminent yale law professor daniel markovits attacking the false promise of meritocracy it is an axiom of american life that advantage should be earned through ability and effort even as the country divides itself at every turn the meritocratic ideal that social and economic rewards should follow achievement rather than breeding reigns supreme both democrats and republicans insistently repeat meritocratic notions meritocracy cuts to the heart of who we are it sustains the american dream but what if both up and down the social ladder meritocracy is a sham today meritocracy has become exactly what it was conceived to resist a mechanism for the concentration and dynastic transmission of wealth and privilege across generations upward mobility has become a fantasy and the embattled middle classes are now more likely to sink into the working poor than to rise into the professional elite at the same time meritocracy now ensnares even those who manage to claw their way to the top requiring rich adults to work with crushing intensity exploiting their expensive educations in order to extract a return all this is not the result of deviations or retreats from meritocracy but rather stems directly from meritocracy s successes this is the radical argument that daniel markovits prosecutes with rare force markovits is well placed to expose the sham of meritocracy having spent his life at elite universities he knows from the inside the corrosive system we are trapped within markovits also knows that if we understand that meritocratic inequality produces near universal harm we can cure it when the meritocracy trap reveals the inner workings of the meritocratic machine it also illuminates the first steps outward towards a new world that might once again afford dignity and prosperity to the american people
