according to the kauffman index of entrepreneurial activity more than 565 000 new businesses were created in 2010 in the united states alone each one of them hoping to strike gold the startup playbook will help them succeed going insider to insider with unprecedented access new york times bestselling author and clickable ceo david kidder shares the hard hitting experiences of some of the world s most influential entrepreneurs and ceos revealing their most closely held advice face to face interviews with 40 founders give readers key insights into what it took to build paypal linkedin aol ted flickr and many others into household

names special sections include topics ranging from how to select the right idea to pursue to finding funding and overcoming inevitable obstacles in an economy demanding change the startup playbook is the go to for entrepreneurs big and small

get the real guidance you need to create and build your first startup company from founders who have been there many times before the first run printing of the startup playbook sold out so we revised expanded and improved this second edition including a new foreword by brad feld author of venture deals we still give our personal how to guide for building your startup from the ground up you ll find a collection of the major lessons and shortcuts we ve learned that will shift the odds in your favor we re sharing our tips secrets and advice in a frank founder to founder discussion with you we make no bones about our bias we re on your side the founder s side while venture capitalists investors and accelerators incubators can add great value in the startup ecosystem this book isn t about their points of view we ll tell you where our interests as founders diverge from those on the other side of the table investors bankers advisors board members and others and what to do when that happens the startup playbook is not a recipe it s not a template it s not a list of tasks to do it s our insider s guide to starting a company and running it successfully in those critical early months between us we ve started over a dozen high tech software companies and raised over 500 million in investment capital we ve acquired over thirty five companies had three of our startups go public sold six of them and we made billions of dollars for shareholders we ve also invested in over eighty startups advised and mentored over two hundred companies and actively worked with venture capitalists vcs incubators and accelerators to help launch many other new startups we ve had plenty of failures too and we ve probably learned more from those than from the successes we share those lessons as well the startup playbook is full of our advice guidance do s and don ts from our years of experience as founders many times we want to share our hard earned knowledge with you to make success easier for you to achieve this book is extraordinarily fresh and exciting in an accessible straight talk fashion this book is a manual and an inspiration the startup playbook is smart and avoids the i am so smart over writing endemic to the genre read this as it is presented you ll be doing yourself a tremendous favor amazon reviewer

the author shares the inspiring experiences lessons and words to the wise from more than forty founders along with his own playbook for startup success page 4 of cover

the summary of the startup playbook secrets of the fastest growing startups from their founding entrepreneurs presented here include a short review of the book at the start

followed by quick overview of main points and a list of important take aways at the end of the summary the summary of the startup playbook provides you with advice on building a business gleaned directly from the founders of some of the most successful start up companies in the world the author gets to the bottom of what it takes to become successful by conducting interviews with the people who started companies like linkedin and spanx case in point the startup playbook summary includes the key points and important takeaways from the book the startup playbook by david s kidder disclaimer 1 this summary is meant to preview and not to substitute the original book 2 we recommend for in depth study purchase the excellent original book 3 in this summary key points are rewritten and recreated and no part text is directly taken or copied from original book 4 if original author publisher wants us to remove this summary please contact us at support mocktime com

the startup playbook covers a wide range of topics including idea generation product development marketing fundraising and team building overall the startup playbook is an excellent resource for anyone who is interested in starting a startup whether they are a first time entrepreneur or a seasoned business professional

this comprehensive guide takes you through every step of the startup process from finding your niche and selecting the right business idea to creating a compelling business proposal and planning for your company s future

please note this is a companion version not the original book sample book insights 1 there are many different types of startups some combine several small businesses while others take a nontraditional route to building a company the key is to not be confined to any particular startup model 2 a startup is a high growth company that is scalable focused on continuously growing and one where the founders develop an exit strategy that results in either a sale of the company or an ipo 3 a startup is a business that by definition will have an exit at some point in time the founding team should be thinking about selling the company doing an ipo merging with another company or finding another type of financially positive exit 4 there are many types of startups and they come from many industries you don t have to deliver the next innovative technology to get going in the startup world instead think about what market or industries can be improved when you do this you ve taken the first step in launching a potentially successful startup

startup playbook serves as a vital guide for women navigating the startup world addressing the funding gap and systemic biases they often encounter this book focuses on strategic funding resilient business models and effective leadership all critical for women led startups

did you know that women led startups receive a disproportionately small percentage of venture capital funding despite often generating higher returns this book aims to level the playing field by providing tailored advice and actionable strategies the book progresses from foundational startup concepts to securing funding through venture capital angel investors and crowdfunding offering insights into pitching and negotiation it then explores building a sustainable business model with effective marketing and sales strategies finally it focuses on leadership and management including team building and conflict resolution through case studies checklists and a conversational tone startup playbook empowers women entrepreneurs with the knowledge to overcome obstacles and achieve success

avoid the speed trap discover how changemakers can find lasting solutions to urgent social problems through a proven 5 step process for listening thoughtfully building broad support and exploring unconventional options society celebrates leaders who promise fast easy solutions to the world s problems but quick fixes are just mirages that fade leaving us with the same broken systems the truth is effective social change happens through slow intentional actions the author a globally acclaimed social entrepreneur offers a 5 step process for taking the slow lane to change the lane that gets you to the right place faster listening listen to build trust which can change hearts and minds and allow for something new to emerge holding the urgency accept that even in moments of crisis you can move only at the speed of trust instead of rushing into action sharing the agency create an inclusive environment where everyone can lead healing democracy build bridges that allow marginalized people to participate maintaining curiosity be inspired by nontraditional sources using dozens of examples prison reform in england urban development in venezuela healthcare in the navajo nation early childhood education in new york and many more the slow lane shows how by following the principles taught in this book readers can create lasting change
