this book discusses the role of television drama series on a global scale analyzing these dramas across the americas europe asia australia and africa contributors consider the role of television dramas as economically valuable cultural products and with their depictions of gender roles sexualities race cultural values political systems and religious beliefs as they analyze how these programs allow us to

indulge our innate desire to share human narratives in a way that binds us together and encourages audiences to persevere as a community on a global scale contributors also go on to explore the role of television dramas as a medium that indulges fantasies and escapism and reckons with reality as it allows audiences to experience emotions of happiness sorrow fear and outrage in both realistic and fantastical scenarios

this book is devoted to a systemic study of socio economic development risks arising in the decade of action as well as the prospects for risk management in support of sustainable development it aims to overcome fragmentary consideration of risks in the existing literature through their comprehensive coverage and the establishment of their interconnections from the perspective of sustainable development the novelty of this book is that it provides a comprehensive accounting of socio economic development risks in the decade of action as well as a rethinking of these risks from a sustainable development perspective the book also opens up the possibility of the most comprehensive and effective risk management in support of sustainable development the practical relevance of the book stems from the fact that it describes and discusses practical experience in detail and accompanies the theoretical material with numerous case studies including cases and frameworks with extensive coverage of international best practices the book is intended for scholars for whom the book forms a systemic scientific view of the risks of socio economic development arising in the decade of action as well as the prospects for risk management in support of sustainable development the book is also of interest to practitioners for whom it offers practical advice on risk management at all levels of the economy for sustainable development many examples from different countries make the book attractive to a wide international audience the book is of particular interest to readers from russia

many regard the ways in which paid work can be combined or balanced with other parts of life as an individual concern and a small rather self indulgent problem in today s world some feel that worrying about a lack of time or energy for family relationships or friendships is a luxury or secondary issue when compared with economic growth or development in the business world and among many governments around the world the importance of paid work and the primacy of economic competitiveness whatever the personal costs is almost accepted wisdom profits and short term efficiency gains are often placed before social issues of care or human dignity but what about the impact this has on men and women s well being or the long term sustainability of people families society or even the economy drawing from interviews and group meetings in seven diverse countries india japan the netherlands norway south africa the uk and usa this book explores the multiple difficulties in combining paid work with other parts of life and the frustrations people experience in diverse settings there is a myth that work life balance can be achieved through quick fixes rather than challenging the place of paid work in people s lives and the way work actually gets done as well as exploring contemporary problems this book attempts to seed hope and new ways of thinking about one of the key challenges of our time
