2017 catholic press association book awards first place spirituality soft cover pope francis has explicitly and repeatedly stated that discernment is essential for anyone who is a follower of jesus christ but what exactly is discernment why must we do it when do we do it how should we do it in always discerning joseph a tetlow sj delves thoughtfully into these questions and shares how lay christians can implement discernment into not only life s big decisions but also into the everyday more mundane choices we constantly find ourselves having to make guided by scripture pope francis s own words and ignatian spirituality fr tetlow helps us see that the dynamic interrelationship of head heart and hands is crucial to the discernment process ultimately always discerning provides a

powerful and highly practical way for the people of god to pray in the new millennium while teaching us how to recognize god s will in every area of our lives and respond to it in joy and love

from a relational and evolutionary perspective on the mystery of vocation the authors develop the principles of discernment for christian marriage celibacy and singlehood they see the vocational core of marriage as a calling by god of each spouse to be a unique instrument of transformation and purification in the other s spiritual journey they identify the vocational core of celibacy as the relationship between jesus and the celibate rendering the celibate unmarriageable for the sake of christ and the gospel they view the vocational core of singlehood as witness to a certain independence for the sake of the reign of god in the light of each vocational core the authors discuss specific signs which indicate and authentic calling this book appeals to those seeking to discern their personal vocation as well as to those guiding them

throughout the spiritual journey god s love engenders within every christian active contemplative and solitary inclinations consequently each person wants to do some good to have a basic receptivity to god and at times to be alone with god as life unfolds god s love also calls forth within a person an overriding attraction toward one of those three orientations which in due course impels the individual toward a corresponding vocational lifestyle an apostolic life a contemplative life or an eremitic life in this book the authors identify the core features of those three vocational lifestyles in light of each vocational core they then discuss an ensemble of signs and patterns that point to an authentic calling from god this study offers wisdom and insight to those pondering the mystery of their personal vocations to those discerning their vocational direction and to spiritual directors formation personnel ecclesial leadership and christian educators who accompany them in their quest

the author thought that she would become a nun spending many times in prayers in front of the blessed sacrament and asking spiritual directors and professed nuns and ordained priests what god had in store for her she went to medical dental and eye exams to prepare herself she lived inside the monastery for three years and three months after which she had to leave the enclosure of the monastery walls to take care of a beloved mother in her illness she went to hibernation for several months asking god what to do in her life she had been a teacher for more than thirty three years and had retired early to discern if god was calling her to the religious life a priest said if god is calling you to become a nun go and enter the monastery and if it did not work at least you tried a confessor said pack up and go if they let you go

this book is the gift of a discerning heart that offers both practical and inspirational wisdom to those who would live a discerning life

all christians yearn to live at the center of god s will but how to discern his will is an art that eludes many of us and the advice we get often conflicts some tell us to look for a divine blueprint the one perfect plan for our lives that we need to find we are encouraged to search the scriptures and hunt for signs trying to uncover the map of our lives that god has drawn others have rejected the blueprint school of guidance for the wisdom school with minds renewed by the teaching of scripture we are to develop the wisdom necessary to make wise choices we are told not to expect that there is just one answer to god s will for every decision we face several may be possible the difficulty with both approaches writes gordon smith is that they minimize the presence and voice of god in times of choice instead he argues for a third way he suggests that we develop discernment as a spiritual discipline by stressing the personal aspects of growing in our relationship with god we can understand his will not just in times of crisis but throughout our daily lives this book provides no magic formulas no recipes for guaranteed success just a lot of insight gleaned from centuries of lived christian experience that will guide and encourage you in the art of discerning god s will
