Apa Referencing Style 6th Edition Mastering APA Referencing Style 6th Edition A Comprehensive Guide Ah the dreaded referencing style It can feel like a labyrinth of rules and regulations especially when youre trying to navigate the complexities of APA 6th edition But fear not fellow scholars This guide is your comprehensive roadmap to mastering APA referencing ensuring your citations are accurate consistent and impress even the most discerning professor

Understanding the Basics

The American Psychological Association APA style is a widely accepted referencing format in the social sciences education and other disciplines The 6th edition published in 2010 introduced specific guidelines for citing various sources including books journal articles websites and more

InText Citations Keeping It Short and Sweet

The heart of APA referencing lies in the intext citations These brief references within your text point to the full details listed in your reference list at the end The key elements of an in text citation are Authors last name Smith 2023 Year of publication Smith 2023 Page number if applicable Smith 2023 p 15 When citing directly from a source use quotation marks and include the page number For paraphrased information simply include the authors last name and year of publication

The Reference List Your Complete Bibliography

The reference list located at the end of your paper provides all the necessary information for your reader to locate the sources youve cited Heres a breakdown of the essential elements

Authors name Last name first initial For multiple authors list all authors separated by commas with and before the last author Year of publication In parentheses followed by a period Title of the work Capitalize only the first letter of the first word and proper nouns

2 Source information

This varies depending on the source type book journal article website etc and includes elements like the publisher journal name volumeissue number page numbers and URL

Example Smith J 2023 The psychology of learning New York NY Pearson Education

Navigating Different Source

Types APA style provides specific guidelines for citing various source types Lets delve into some common ones

- 1 Journal s Authors last name first initial Year Title of article Journal Title Volumeissue page numbers Example Miller W R 2019 Motivational interviewing Helping people change The American Psychologist 744 391397
