in explaining hitler ron rosenbaum investigates the meanings and motivations people have attached to hitler and his crimes against humanity what does hitler tell us about the nature of evil in often dramatic encounters rosenbaum confronts historians scholars filmmakers and deniers as he skeptically analyzes the key strains of hitler interpretation a balanced and thoughtful overview of a subject both frightening and profound this is an extraordinary quest an expedition into the war zone of hitler theories a provocative work of cultural history that is as compelling as it is thoughtful as readable as it is smart new york times first published in 1998 to rave reviews explaining hitler became a new york times bestseller this new edition is an update of that classic and a critically important contribution to the study of the twentieth century s darkest moment

examines changing attitudes among germans as evident in films of the modern german era leading away from guilt and atonement and seeking national identity

it all began atop a drugstore in princeton new jersey in november 1905 from its modest beginnings princeton university press was to become one of the world s most important scholarly publishers embracing a wealth of disciplines that have enriched our cultural academic and scientific landscape both as a tribute to our authors and to celebrate our centenary princeton university press here presents a century in books this beautifully designed volume highlights 100 of the nearly 8 000 books we have published necessarily winnowed from a much larger list these books best typify what has been most lasting most defining and most distinctive about our publishing history from einstein s the meaning of relativity 1922 to the numerous

mathematical and other works that marked the press's watershed decade of the 1940s including von Neumann and Morgenstern's theory of games and economic behavior from milestones of literary criticism by Erich Auerbach and Northrop Frye to George Kennan's Pulitzer Prize-winning book on Soviet-American relations from Milton Friedman and Anna Jacobson Schwartz's *A Monetary History of the United States 1867-1960* to more recent landmarks such as Luca Cavalli Sforza, Paolo Menozzi, and Alberto Piazza's *The History and Geography of Human Genes* and Robert Shiller's *Irrational Exuberance*. In addition to succinct descriptions of the 100 titles and a short introduction on the history of the press, the book features five essays by prominent scholars and writers. Michael Wood discusses the impact on Princeton University Press of intellectuals who fled Nazi Germany and authored many influential books. Anthony Grafton recounts our rich publishing tradition in history, politics, and culture. Sylvia Nasar traces our evolution into a leading voice in economics publishing. Daniel Kevles reflects on Einstein, a figure of special importance to Princeton, and Lord Robert May writes on our long-standing tradition of publishing in mathematics and science. A century in books is more than a celebration of 100 years of publishing at Princeton University Press; it is a treasure trove of 100 years of books that have added to the richness of twentieth-century intellectual life.

World Cinema's Dialogues with Hollywood looks at the way Hollywood has interacted with a range of national and transnational cinemas from German Expressionism to Bollywood and Chinese film. While Hollywood has had a profound impact upon the history of the medium, suggesting that if there is dialogue to be identified, it is one where Hollywood has done all the talking, it is impossible to understand this history without examining the impact of World Cinema's economic, aesthetic, and political relationship with Hollywood.

While much has been published abroad about the German filmmaker and author Hans Jürgen Syberberg, this is the first English monograph about him. Author Solveig Olsen presents a biographical overview of the controversial artist and his body of work and offers an in-depth analysis of Syberberg's film of Richard Wagner's *Parsifal* and his later works. Syberberg gained international fame as a filmmaker with the films of his German cycle, which included *Our Hitler: A Study of the Hitler Potential in Human Nature*. *Parsifal* (1982) concluded the German cycle, preserving Wagner's libretto and score. The film uses the visual component to imbue the work with a surprising interpretation. In addition to the medieval story about the Grail Seeker, the director draws on several other frames of reference, such as the theories of Freud and Jung, alchemy, and Syberberg's main aesthetic views and philosophy that have gone unrecognized until now. Olsen explores the role of *Parsifal* as Wagner's artistic and philosophical testament and the implications of Syberberg's reinterpretation.

A timely examination of the conflict between the techno-utopia promised by real-world scientists and the techno-dystopia predicted by science fiction.
