an analysis of the relationship between labour party values and beliefs and  
educational ideas since 1900

bringing together some of the leading names in comparative and international  
education this second edition provides new perspectives on the dynamic interplay of

global national and local forces as they shape education systems in specific contexts this text examines current social and political issues involving childhood it looks at the impact of the new right who talk of family values parent power in schools irresponsible provision of contraception to young girls and the increase in child violence as a result of mass media

with a new preface by sir peregrine worsthorne cover

this book situates the controversial thatcher era in the political social cultural and economic history of modern britain

this comprehensive five volume set contains readable essays that describe and interpret the most important global events since the european renaissance some accompanied by related document excerpts and primary source materials what were the effects of the age of exploration on today s ethnic groups and social structure how did the development of moveable type pave the way for facebook and twitter why is the reformation so critical for understanding today s religious controversies this set will help readers answer these questions by exploring the most significant historical events of the modern world this five volume set covers times from the renaissance to the present each volume focuses on a specific historic period and examines 12 events within those time frames that changed the world each entry provides an introduction that lays out factual material in a chronological manner an in depth essay interpreting the event s significance and an annotated bibliography of the most important current works on the topic select entries are followed by primary sources pertaining to the event under consideration such as diary entries targeted to both general readers as well as entry level university students this book also directly supports high school and undergraduate curricula allowing students to identify and contextualize events in order to think critically about their causes aftermath and legacy

she reveals how conviction style politicians have appeared in the u s and u k at the same time individuals who articulated similar ideas that adapted liberal ideology to shifting circumstances and who achieved fundamental change at critical moments in their nations histories

has vocational education and training failed in britain does training meet the needs of either the individual and of society how responsive are youth training schemes to

their clients these are just some of the questions addressed in training and its alternatives it identifies the factors that will affect training in the future skill shortages changing work practices and new labour market conditions it anticipates the likely alternative curricular institutional and policy issues necessary to initiate reforms in secondary and further education in doing so the book challenges the prevailing view that market forces are the most effective means of determining educational policy it draws on a variety of historical sociological economic and comparative perspectives in showing where alternative possibilities lie
