this book is devoted to the study of the interplay between religious rules and state law it explores how state recognition of religious rules can affect the degree of legal diversity that is available to citizens and why such recognition sometime results in more individual and collective freedom and sometime in a threat to equality of citizens before the law the first part of the book contains a few contributions that place this discussion within the wider debate on legal pluralism while state law and religious rules are two normative systems among many others the specific characteristics of the latter are at the heart of tensions that emerge with increasing frequency in many countries the second part is devoted to the analysis of about twenty national cases that provide an overview of the different tools and strategies that are employed to manage the relationship between state law and religious rules all over the world

religion in rebellions revolutions and social movements demonstrates that while religion is often a social force that maintains if not legitimates the sociopolitical order it is also a decisive factor in economic social and political conflict the book explores how and under what conditions religion functions as a progressive and or reactionary force that compels people to challenge or protect social orders the authors focus on the role that religion has played in peasant slave and plebeian rebellions revolutions including the chinese english french russian and iranian and modern social movements in addition to these case studies the book also contains theoretical chapters that explore the relationship religious thought has with the politics of liberation and oppression it examines the institutional organizational ritualistic discursive ideological and or framing mechanisms that give religion its oppressive and liberating structures many scholars of religion continue very conventional modes of thinking ignoring how religion has been and continues to be both a hegemonic and counterhegemonic force in conflict this book looks at both sides of the equation this international and interdisciplinary volume will be of interest to students and scholars in the fields of politics of religion sociology
