this profusely illustrated new edition brings together the complete texts of all four parts of Liber Aba Book 4 in one volume under the overall title *Magick*. This edition incorporates Crowley's own additions, corrections, and annotations and restores dozens of passages omitted from the first edition. *Magick* is the fundamental textbook of modern magick in the New Aeon. It also has invaluable teachings for students of yoga and meditation. Crowley mastered the practices of yoga during his studies in the East and writes about them lucidly without recourse to the imprecise language of mysticism. Beginning with a discussion of the universal origin of world religions in mystical revelation, *Magick* then explores the theory and practice of mysticism and magick in the light of modern scientific thought.

this book was written to be used in concert with whatever pagan tradition you are currently involved in. There are at least three levels to it. Part one will help you strengthen the foundations of your spiritual practice. Part two will ensure that you are sound in body, mind, emotion, sex, and spirit and have developed will and ethics. Part three will lead you further into connection with your godhood. The tools used to do this are breath work, dream work, pendulum work, aura reading, tarot, meditation, spells, and others. The goal of the book is to help guide you through the stages of personal consciousness that will then enable you to step into inclusive consciousness, a consciousness that encompasses the personal, political, environmental, social, mental, and transpersonal. It is this inclusive consciousness that enables us to reach the limitless, the divine, goddess, or god.

When the tarot was invented in Italy during the early fifteenth century, it was simply a pack of cards used for playing games. But today, the cards are used throughout the world and not only for fortune telling. For true believers, they are the key to secret knowledge and the meaning of life. *A History of the Occult Tarot* is the classic work on the history of the tarot deck and its use in occult circles. Decker and Dummett examine how the tarot became the favored divination tool of occultists from the late nineteenth century, a bridge to the spirit world, a map of the unconscious, from Theosophical to Aleister Crowley to the Order of the Golden Dawn and P. D. Ouspensky. This compelling survey of the tarot's history describes the many fascinating decks imagined over time as well as the secret histories of the mystics who devised them.
