focusing on places objects bodies narratives and ritual spaces where religion may be found or inscribed the authors reveal the role of religion in contesting rights to places to knowledge and to property as well as access to resources through analyses of specific historical processes in terms of responses to socio economic and political change the chapters consider implicitly or explicitly the problematic relation between science including social sciences and anthropology in particular and religion and how this connects to the new religious globalisation of the twenty first century their ethnographies highlight the embodiment of religion and its location in landscapes built spaces and religious sites which may be contested physically or ideologically or encased in memory and often in silence taken together they show the importance of religion as a resource to the believers a source of solace spiritual comfort and self willed submission

paul s messianism put him at the margins of pharisaism his preaching placed him in tension with the synagogue and his gospel set him on the outer border of hellenistic religion this book explores the tensions and creativity that paul s marginality let loose in six short chapters roetzel explains paul s complex relationship to first century judaism and elements of the early church in so doing he tackles a great many of the most disputed areas of pauline theology how can we speak of paul as a convert how far did paul accept the apocalyptic myth what are we to make of paul s theology of weakness how far did

paul embrace pluralism and how could paul preach that gentiles shared in god s election without excluding jews

even though there is agreement on the existence of an imperial commentary on homer going under the name mythographus homericus a large scale study of this work has been lacking the objective of this collective volume is to fill this blank the authors represent diverse opinions a consequence of the complex nature of the textual tradition but also of the difficulty of defining the nature of this mythographic work itself this volume offers a study of mythographus homericus from different perspectives the place of the work in the history of scholarship the state of the text which has been transmitted by scholia and papyri its readership its place in mythography and in homeric scholarship its intertextual relationship to other mythographic works or scholiastic corpora and its contribution to the study of myth from a typological perspective

traces the almost century long struggle between israel s largest healthcare provider kupat holim and successive israeli governments

the gospel of matthew opens with a patrilineal genealogy of jesus that intriguingly includes five women tamar rahab ruth she of uriah and mary in a gospel that has a strongly jewish and male orientated outlook why are women incorporated in particular why include these four old testament women alongside mary rejecting traditional as well as feminist views anne clements undertakes a close literary reading of the narratives to discern how each woman is characterized and presented all are significant scriptural figures on the margins of israelite society from this intertextual world established by matthew clements explores why matthew may have named these women in the opening genealogy and what implications their inclusion may have for the ongoing gospel narrative mothers on the margin argues that matthew s gospel contains a counter narrative focused on women the presence of the five women in the genealogy indicates that the birth of the messiah will bring about a crisis in israel s identity in terms of ethnicity marginality and gender the women signal that matthew s gospel is concerned with the construal of a new identity for the people of god
