getting entrepreneurial is the definitive guide for would be entrepreneurs covering everything you need to know to put your financial future in your own hands but far beyond reciting business school fundamentals this book shows you how to create and innovate turn your idea into a great business and grow that business to maturity

author larry farrell gives you the secrets of the world s greatest entrepreneurs in an easy to follow format that covers the four bedrock business fundamentals of the world s greatest entrepreneurs sense of mission the entrepreneurial way to identify and deliver product market winners customer product vision creating entrepreneurial passion to produce continuous growth and more don t delay order your copy today

there are many factors involved in becoming an effective entrepreneur the process of recognizing opportunities and nurturing new ventures must take into account both internal decision making practice and external environmental influence

you can t pick up a business book these days without reading about how dramatic increases in competitiveness and technological turbulence have introduced a pervasive sense of uncertainty to everyday managerial life this is hardly news what we hope will be new to you in this book is that uncertainty can be used to your benefit if you create and deploy an entrepreneurial mindset a way of thinking about your business that captures the benefits of uncertainty once entrepreneurial thinking becomes second nature you will be able to continuously identify uncertain yet high potential business opportunities and exploit these opportunities with speed and confidence uncertainty becomes your ally instead of your enemy

simply put most entrepreneurial start ups fail those fortunate enough to succeed then face a second major challenge how to grow this book focuses on the key questions an entrepreneur must answer in order to grow a business based on extensive research of more than fifty successful growth companies grow to greatness discusses the top ten growth challenges and how to overcome them author edward d hess dispels the myth that businesses must grow or die growth can create value but too much growth too fast outstrips effective processes controls or management capacity viewing growth as recurring change grow to greatness lays out a framework for how to approach business development and how to manage its risks and pace the book then takes readers through chapters that explore whether the time is right to grow how to do it and how to manage the vital reality that growth requires the right leadership culture and people uniquely this book aims to prepare readers for the day to day reality of growth offering up the lived experiences of eleven entrepreneurs six workshops to assess where readers stand now and a suite of templates that will prove to be useful over time help bring the book s teachings to life after reading this book entrepreneurs

will have a real understanding of their readiness to grow and place in the growth cycle as well as a concrete action plan for where to take their businesses next many books address how to start a business but this is a unique go to resource for readers who want to learn how to thrive beyond the start up phase

entrepreneurs are the highly energetic human being who chases their dream to create a business out of any opportunity and never ever give up no matter what are their conditions most of us dream to start a business driven by either of passion making an idea into reality luxurious lifestyle or to create an impact on society by changing the traditional mindset the book grow entrepreneur mindset is a very different kind of book for everyone who has a dream to create their own business and make an impact on the traditional belief system this is not just an ordinary book but a guide to growing entrepreneur mindset the book will motivate you guide you and further it will push you to opt for the entrepreneurship path grow entrepreneur mindset is designed with 6 chapters which include different aspects of entrepreneurship to deliver only important concepts in a more effective way the book grow entrepreneur mindset motivates you towards achieving your dream especially for 1st generation entrepreneurs and will teach you things you need to learn when you have the plan to land on this path of entrepreneurship

if starting and growing your own business was easy everyone would be doing it and guess what not everyone is start ups have notoriously high mortality rates most don't make it within the first couple of years if your business is still around after two years and you are too then you have the equally difficult challenge of growing it in light of this reality how do you make sure you are making the right career move by becoming an entrepreneur how do you significantly increase your chances of surviving the start up phase how do you then stay relevant and succeed in growing your business in a highly competitive environment simple read this book

at a time when more people than ever are starting their own ventures the startup garden teaches readers how to create their dream job for themselves ehrenfeld walks readers through the process of starting and growing an enterprise by matching hopes dreams and aspirations with individual skills and experience

the entrepreneurial mind jeffrey a timmons harvard business school a well written practical book designed to aid persons contemplating an entrepreneurial venture

timmons a specialist in entrepreneurship has done an excellent job covering the field starting with a broad overview of what entrepreneurship is he concludes with an assessment aimed at summing up the strengths weaknesses of a new enterprise in advance in between he provides sound advice on necessary managerial skills how to form build reward a new venture team planning goal setting the pros cons of family businesses particular attention is also given to the need for ethical standards recommended library journal a close look at the psychology of the entrepreneur how that type of personality reacts with people the world at large timmons does a good job of exploding myths misconceptions offering a wealth of insight into success failure the hard work it takes to succeed in starting up a business or taking over the reins of an established or family owned enterprise the pitfalls of entrepreneurial life are analyzed but more importantly the positive attributes of the entrepreneur are emphasized numerous real life case studies supplement the coverage booklist
