first published in 1997 this volume responded to the peace process of the 1980s and 1990s between great britain and northern ireland emerging just prior to the 1998 good friday agreement it constituted one of the first major academic examinations of the attempts to bring peace to northern ireland

in the 1990 s and explores the historical origins of the process before moving towards a critical account of the role of political parties in the development of the peace process critics have argued equally that the process was a sham tactically repositioning irish republicanism and that it provided a framework for reconciliation or even conflict resolution this book outlines the political changes which allowed the peace process to develop along with analysing specific themes divided into three broad sections the general aims of the peace process the political perspectives and the issues under discussion aiming to promote discussion these contributors explore the origins and function of the peace process followed by an analysis of political perspectives including the unionists the sdlp and irish republicanism finally they consider key issues of interest for the peace process including the ever present border debate security strategies education and economics whilst rachel ward makes the case for the skilled contributions of women available to formal politics

seminar paper from the year 2016 in the subject politics international politics topic peace and conflict studies security grade 2 3 university of rostock language english abstract the troubles in northern ireland were one of the main concerns for both british and irish politics ever since the late 1960s however the roots of the conflict reach back centuries and have been the cause for immense bloodshed and more than 3 200 casualties these earlier stages of the conflict as well as its course in general are to be neglected in this paper whereas the emphasis is to be on the good friday agreement or belfast agreement of 1998 as the political marking line between war and peace as well as the developments up to the present although the end of violence as primary goal of the agreement was largely achieved in most parts of northern ireland there are still developments that run contrary to a notion of peace these developments will subsequently be analyzed to identify weaknesses of the good friday agreement and make statements about the success of the peace process possible and ultimately make assumptions about the hindrances of said peace process to this day the indicator used to make said assumptions will be wolff s post agreement reconstruction model which was already used to analyze the progress of the peace process in 2002 which lead to a very cautious prognosis for the coming years this paper s task is therefore to apply the post agreement reconstruction model to today s situation to make a statement about the success of the good friday agreement more than 18 years after it was signed due to the shortness of this paper an emphasis will be laid on social psychological and security indicators for the success of post agreement reconstruction furthermore the particular contents of the belfast agreement in their entirety are not to be listed here however for an analysis of the current situation in northern ireland it is necessary to consider

as the united kingdom continues to grapple with the aftermath of brexit one corner of the union has remained caught in the crosshairs northern ireland has been the subject of renewed scrutiny since 2016 as efforts to leave the european union come up against the terms of the good friday agreement and threaten the region s hard won peace the reasons for these challenges can be traced back to the agreement itself as the negotiated

settlement and its immediate aftermath set in place a strained peace this book examines the function and dysfunction of peace after 1998 to explain why its endurance cannot be taken for granted strained peace stands apart from the traditional peace violence binary structures of conflict and patterns of division are reiterated in the structures of peace tensions might relax just as they might be inflamed by new challenges but the threat of a return to violence is never fully gone this book explores how such a condition developed between good friday and brexit addressing variations in the quality of peace in the insecurity of official structures at stormont the shifting role of community groups and the third sector and the adaptation of culture as a culture war replaced physical violence on the streets

this collection is the first to examine the different forms of peace and reconciliation work that have taken place in northern ireland since the onset of the troubles in the late 1960s

the peace agreement in northern ireland has been held up as a beacon for conflict resolution this book offers an analytical history of the transition from war to peace in northern ireland and compares the violent conflict in the basque country over the same period demonstrating how events there have developed very differently

this work traces the genesis evolution and completion of the peace process in northern ireland from 1920 to the present the author also provides an account of events that led to the good friday peace accord

with the major goal of building an inclusive international community that promotes peace related research and action this volume reflects on local national and global peace engagement and works towards transdisciplinary understandings of the role of psychology in peace conflict and violence drawn primarily from 14th biennial international symposium on the contributions of psychology the chapters focus on peacemaking or the pursuit of harmony in human relations and peacebuilding or equity in human relations with a special emphasis on voices from typically underrepresented areas in psychology such as the global south in order to move beyond a western centered idea of peace psychology the volume is divided into two major parts the first half of the volume puts an emphasis on peace psychology research and praxis in a number of geohistorical contexts including malaysia northern ireland thailand and kashmir that bear on conflict harmony and equity in human relations chapters in the second half of the volume fulfill the mandate of biennial symposia namely to create more equity in the production of peace theory and praxis by bringing forward the voices of scholars and change agents that are often unheard in peace discourses including a number of scholars and chapters from south africa additionally throughout the chapters the authors and editors of the volume emphasize emancipatory agendas as an important alternative to militarism and state

sponsored violence with the aim of bringing forward voices from cultures and situations that are typically not included or highly visible in peace discourses enlarging the scope of peace psychology in invited and invented spaces african and world regional contributions is a thought provoking timely and informative work psychologists anthropologists sociologists political scientists activists public policy makers and all those interested in promoting peace and justice are sure to find this an invaluable and illuminating resource
