this book examines french motivations behind the decolonisation of tunisia and morocco and the intra western alliance relationships it argues that changing french policy towards decolonisation brought about the unexpectedly quick process of independence of dependencies in the post wwii era

while the major trends in european integration have been well researched and constitute key elements of narratives about its value and purpose the crises of integration and their effects have not yet attracted sufficient attention this volume with original contributions by leading german scholars suggests that crises of integration should be seen as engines of progress throughout the history of european integration rather than as expressions of failure and regression a widely held assumption it therefore throws new light on the current crises in european integration and provides a fascinating panorama of how challenges and responses were guiding the process during its first five decades

adams examines the contributions of such major français libres as rené cassin pierre mendès france and jacques soustelle and explores de gaulle s troubled relations with churchill and roosevelt the opportunity for gaullists to offer full membership to the fourth religious family algeria s muslim majority following the liberation of french north africa is also considered in an epilogue adams reflects on the impact of free france s political ecumenism in the postwar era

historians of the cold war argues william hitchcock have too often overlooked the part that european nations played in shaping the post world war ii international system in particular france a country beset by economic difficulties and political instability in the aftermath of the war has been given short shrift with this book hitchcock restores france to the narrative of cold war history and illuminates its central role in the reconstruction of europe drawing on a wide array of evidence from french american and british archives he shows that france constructed a coherent national strategy for domestic and international recovery and pursued that strategy with tenacity and effectiveness in the first postwar decade this once occupied nation played a vital part in the occupation and administration of germany framed the key institutions of the new europe helped forge the nato alliance and engineered an astonishing economic recovery in the process france successfully contested

american leadership in europe and used its position as a key cold war ally to extract concessions from washington on a wide range of economic and security issues

france s effort to maintain its presence as a great world power is the subject of myopic grandeur a study of french foreign policy initiatives in the far east from world war i until the conclusion of world war ii

the history of german rearmament and the launch of the european integration process are fascinating as well as challenging in the early fifties the fears about the rise of a □ new wehrmacht□ tm and the need to defend the nation state clashed with the ambition to build an effective western european defence system and the desire to achieve economic and political integration these were deeply divisive issues and produced one of the most passionate political debates in post wwii european history there were fierce clashes in the various parliaments and in the streets of the main european towns rallies and demonstrations often degenerated into street fights with the police going beyond the traditional history of diplomatic relations risso□ tm s book offers a comparative examination of the role of non state actors such as pressure political parties and of political actors such as the military in france and italy risso□ tm s detailed study of how political groupings responded to the question of german rearmament and of their frequent internal debates is based on a wide range of new primary sources from numerous european archives this book therefore offers an innovative and stimulating examination of the impact that such debates had on society and on the french and italian political systems as a whole
