managing the natural environment is fundamental to many businesses yet management scholars have understudied how natural resources are acquired and deployed how they constrain and challenge strategy and innovation and how they differ from more conventionally studied resources in management this book captures leading and thought provoking conceptual and empirical contributions on how organizations ought to interact with such natural resources the authors apply and extend management theories to the natural resource context thereby opening up multiple avenues for future research

this dissertation examines how human resources are managed at selected ethiopian private companies how ethiopian human resource management practice is evolving and how it can be improved the examination is qualitative and exploratory since no comparative research on human resource management has yet been conducted at ethiopian profit or non profit organizations an understanding of ethiopian human resource management practice makes it possible to improve ethiopian human resource management practice and thus to increase employee productivity the study took place at four manufacturing and four service companies in addis ababa all representative of their sector the research claim is that ethiopian human resource management practices differ from human resource management practices in the west due to differences in cultural factors economic systems political systems and legal and industrial relations for this reason ethiopia s culture politics economy and legal and industrial relations have been analyzed the main finding of this study is that the importance of human resource management is not uniformly understood at all the case study companies although the multinational companies based in ethiopia see their human resources as the companies most important asset as human capital the local companies generally do not the fact that respondents claim that ethiopia has limited experience in industrialization might explain why human resource management in ethiopia is rudimentary and still has a long way to go with this dissertation the researcher wants to contribute to improving ethiopian human resource management practice moreover this dissertation may be used as a framework for similar research in other sectors or

for more specific in depth research this dissertation may also serve as a knowledge base for company managers business consultants academics and government officials of countries with a national culture similar to ethiopia s for example kenya tanzania and zambia countries undergoing or which have undergone a recent transition to a free market economy and countries facing similar macro economic developments

touching on topics including conservation efforts in specific locales social and political constructions of rhetorical place and space town planning and zoning issues and rhetorics of environmental remediation and sustainability this collection provides rhetoricians and environmentalists a window into the discourse on sustainability

bmw z cars have carved a huge reputation for themselves in a very short time from the revolutionary and innovative z1 of the late 1980s to the beautiful and exclusive z8 of more recent times via the popular z3 and its controversial replacement the z4 the family has made bmw s name in the increasingly competitive sports car market

the omega space station is the center of lawlessness in the galaxy a den of vice ruled by the deadly asari aria t loak it is also a strategic foothold in a galaxy wide power struggle and when the station comes under attack from a new threat unleashed by the humanity first organization cerberus aria is forced to become more ruthless than ever to protect her home and dominion

wangari muta maathai was a scholar activist known for founding the green belt movement an environmental campaign that earned her the nobel peace prize while many studies of maathai highlight her activism few examine maathai as a scholar whose contributions to various disciplines and causes spanned more than three decades in radical utu critical ideas and ideals of wangari muta maathai besi brillian muhonja presents the words and works of maathai as theoretical concepts attesting to her contributions to gender equality democratic spaces economic equity and global governance and indigenous african languages and knowledges muhonja s well rounded portrait of maathai s ideas offers a corrective to the one dimensional characterization of maathai typical of other works

experts from various fields offer concise definition analysis and discussion of nearly one hundred preaching topics subjects discussed include decision making abortion incarnation poverty education the ten commandments jealousy wealth stewardship and violence and war
