the new york times best selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged and how these reactions maintain racial inequality in this vital necessary and beautiful book michael eric dyson antiracist educator robin diangelo deftly illuminates the phenomenon of white fragility and allows us to understand racism as a practice not restricted to bad people claudia rankine referring to the defensive moves that white people make when challenged racially white fragility is characterized by emotions such as anger fear and guilt and by behaviors including argumentation and silence these behaviors in turn function to reinstate white racial equilibrium and prevent any meaningful cross racial dialogue in this in depth exploration diangelo examines how white fragility develops how it protects racial inequality and what we can do to engage more constructively

argues for the necessity of a new ethos for middle class white anti racism building on her book revealing whiteness shannon sullivan identifies a constellation of attitudes common among well meaning white liberals that she sums up as white middle class goodness an orientation she critiques for being more concerned with establishing anti racist bona fides than with confronting systematic racism and privilege sullivan untangles the complex relationships between class and race in contemporary white identity and outlines four ways this orientation is expressed each serving to establish one s lack of racism the denigration of lower class white people as responsible for ongoing white racism the demonization of antebellum slaveholders an emphasis on colorblindness especially in the context of white childrearing and the cultivation of attitudes of white guilt shame and betrayal to move beyond these distancing strategies

sullivan argues white people need a new ethos that acknowledges and transforms their whiteness in the pursuit of racial justice rather than seeking a self righteous distance from it

in 2016 the president elect of the united states openly called for segregation and deportation based on race and religion meanwhile inequalities in education housing health care and the job market continue to prevail while increased insecurity and fear have led to an epidemic of scapegoating and harassment of people of color yet recent polls show that only thirty one percent of white people in the united states believe racism is a major societal problem at the same time resistance is strong as highlighted by indigenous struggles for land and sovereignty and the movement for black lives completely revised and updated this fourth edition of uprooting racism offers a framework around neoliberalism and interpersonal institutional and cultural racism along with stories of resistance and white solidarity it provides practical tools and advice on how white people can work as allies for racial justice engaging the reader through questions exercises and suggestions for action and includes a wealth of information about specific cultural groups such as muslims people with mixed heritage native americans jews recent immigrants asian americans and latino as previous editions of uprooting racism have sold more than 50 000 copies this accessible personal supportive and practical guide is ideal for students community activists teachers youth workers and anyone interested in issues of diversity multiculturalism and social justice paul kivel is an award winning author and an accomplished trainer and speaker he has been a social justice activist a nationally and internationally recognized anti racism educator and an innovative leader in violence prevention for over forty years

george lipsitz s classic book the possessive investment in whiteness argues that public policy and private prejudice work together to create a possessive investment in whiteness that is responsible for the racialized hierarchies of our society whiteness has a cash value it accounts for advantages that come to individuals through profits made from housing secured in discriminatory markets through the unequal educational opportunities available to children of different races through insider networks that channel employment opportunities to the friends and relatives of those who have profited most from past and present discrimination and especially through intergenerational transfers of inherited wealth that pass on the spoils of discrimination to succeeding generations white americans are encouraged to invest in whiteness to remain true to an identity that provides them with structured advantages in this twentieth anniversary edition lipsitz provides a new introduction and updated statistics as well as analyses of the enduring importance of hurricane katrina the nature of anti immigrant mobilizations police assaults on black women the killings of trayvon martin michael brown and freddie gray the legacy of obama and the emergence of trump the charleston massacre and other hate crimes and the ways in which white fear white fragility and white failure have become drivers of a new ethno nationalism as vital as it was upon its original publication the twentieth anniversary edition of the possessive investment in whiteness is an unflinching but necessary look at white supremacy

telling perhaps the most important forgotten story in american history eminent historian nell irvin painter guides us through more than two thousand years of western civilization illuminating not only the invention of race but also the frequent praise of whiteness for economic scientific and political ends a story filled with towering historical figures the history of white people closes a huge gap in literature that has long focused on the non white and forcefully reminds us that the concept of race is an all too human invention whose meaning importance and reality have changed as it has been driven by a long and rich history of events
